LAMINATE FLOORINGS

SKEMA®

La grande famiglia di pavimenti in laminato LIVING comprende le collezioni con decoro effetto legno K-Uno, K-Uno XL, Prestige L, Make-up, Prestige Gold, Facile+.

Per un effetto materico Skema propone la nuova collezione Vision Syncro Parquet, Syncro Multiwood e Syncro Oxid con il nuovo microbisello realizzato su tutti e quattro i lati e che accompagna il decoro della superficie fino al bordo di ogni dogia per una massima resa estetica e meccanica.

The wide family of laminate floorings Living includes the collections with wooden-effect décor K-Uno, K-Uno XL, Prestige L, Make-up, Prestige Gold, Facile+.

For a materic effect Skema offers the new Vision Syncro Parquet, Syncro Multiwood, and Syncro Oxid with the new all-round V micro-bevel that follows the surface decoration to the edge of each plank for a maximum aesthetic and mechanical performance.

LIVING
PAVIMENTI LAMINATI
LAMINATE FLOORINGS

UN NUOVO PAVIMENTO? PERCHÈ UN LAMINATO? DI CHE DIMENSIONE? IN QUALE DECORO?

A NEW FLOORING?
WHY A LAMINATE FLOORING?
WHICH SIZE? WHICH DÉCOR?

Sono tante le domande che ci poniamo prima di scegliere una superficie, un materiale, un pavimento. Un po' come tornare bambini e lasciarsi incuriosire da tanti dettagli, fino a prima ignorati, ma che nel momento della scelta diventano fondamentali. Come i bambini, non dobbiamo temere di farci e di fare queste domande al professionista, al fornitore, al rivenditore che ci aiuta nella scelta. Perché, se la domanda ha in sé la risposta, il difficile è portarla a galla.

La linea di pavimenti laminati Living di SKEMA ha la pretesa di aiutarvi, con la competenza di tutto il suo network, nella domanda più complessa:

“Qual è il mio pavimento?”

Buon viaggio.

There are many questions we ask ourselves before choosing a surface, a material, a flooring. It's like to return a little bit children and being intrigued by so many details, previously ignored, but becoming fundamental in the moment of choice. Like children, we should not be afraid to ask questions to ourselves and to the professional, the supplier, the retailer who helps us in the choice. If the question has the answer, the difficulty is to bring it to the surface. The SKEMA Living laminate flooring line pretends to help you, with the expertise of its entire network, in the most complex question:

“Which is my flooring?”

Enjoy.

Il gusto è una prerogativa italiana che nessuno ci contesta; la nostra capacità di creare il mood coordinato è unica, quasi un marchio di fabbrica, che siamo abituati fin da piccoli a sviluppare. Il pavimento Living, con le sue varianti in dimensioni e disegni che vanno dal listone alla tavola, dalla spina ungherese alle superfici con effetto ossidato, ci segue in questa ricerca stilistica e ci garantisce il giusto feeling, la giusta atmosfera o meglio quella che ci aspettiamo. Living è una linea che risveglia i sensi e ci coinvolge in un'esperienza completa, da guardare, da toccare, da calpestare a piedi nudi.

Taste is an Italian prerogative that no one disputes us; our ability to create the coordinated mood is unique, almost a trademark, which we are used to develop from an early age. The Living flooring, with its variations in dimensions and designs ranging from the plank to the table, from the Hungarian fishbone to the surfaces with an oxidized effect, follows us in this stylistic searching and guarantees us the right feeling, the right atmosphere, or rather the one we expect. Living is a line that awakens the senses and involves us in a complete experience, to look at, to touch, to step on with bare feet.

MOOD
EXPERIENCE

AUTENTICO? SIMILI MA NON UGUALI

AUTHENTIC?
SIMILAR BUT NOT EQUAL

"Papà perché si dice così bello che sembra vero, e così perfetto che sembra finto?"

Tanto più la natura crea geometrie perfette, tanto più l'uomo desidera imitarle raccogliendone il massimo effetto e donando il massimo vantaggio.

Quindi perché non scegliere un pavimento Living forte e resistente con il potere estetico del legno che la natura ci offre?

Il pavimento Living di Skema è autentico come solo la materia sa essere. Lo studio applicato ai decori, alla multitalità che riusciamo ad esprimere, il poro sincronizzato, la sincro bisellatura, sono ciò che Skema ha catturato dalla natura per dilatare quella sensazione che abbiamo sfiorando la materia autentica. Vero è ciò che esprime. Bellezza.

"Dad, why it says so beautiful that looks real, and so perfect that it looks fake?"

The more the nature creates perfect geometries, the more humans want to imitate it obtaining the maximum effect and giving the maximum benefit.

So why not choose Living, a strong and durable floor, with the aesthetic value of wood that nature offers us?

Skema Living flooring is as authentic as only matter can be. The study applied to the decorations, different shades we can reproduce, the synchronized pore, the synchro bevel, are what Skema has captured from nature to broaden that feeling we have softly touching the authentic material. True is what it expresses. Beauty.

FORMATO? AD OGNUNO LA SUA DIMENSIONE

FORMAT?
TO EVERYONE HIS SIZE

“Perché se abbiamo tutti 6 anni, in classe c'è chi è più alto e chi è più basso di me?”

E' un fatto di competizione.

Ma ciò che è vario stimola l'interesse e permette un confronto.

Mi piace sapere che se ho un piccolo nido d'amore, Living può darmi un piccolo formato ma se invece ho scelto un ampio open space avrò il mio must:
un maxi formato.

“Why is someone taller and someone smaller than me in class, if we are all 6 years old?”

It's a matter of confrontation.

But it is difference that inspires interest and confrontation.

Living can offer a small plank for those living in a little lovely nest but also planks with important dimensions perfect in a wide open space.

SICURO? A PROVA DI BAMBINI

SURE?
CHILD - PROOF

"Guardami Papà! La maestra ci ha insegnato a fare la capriola all'indietro. Tu ci riesci?"

Quando la superficie di un tavolino non basta per esprimersi è necessario dare più spazio alla creatività.

Uno spazio disponibile, accessibile, sicuro come un pavimento Living che utilizza materie prime a bassa emissione V.O.C indoor, che emette formaldeide a percentuale regolamentare, che percorre una filiera controllata, che appartiene ad una classe ignifuga molto bassa.

Tutto rigorosamente certificato.

"Look at me Daddy! The teacher has taught us to do the backwards somersault. Can you?"

When the surface of a table is not enough, creativity needs more space.

A Living flooring is a safe space because it is produced with raw materials with low indoor V.O.C and controlled formaldehyde emissions, run through a controlled chain, and belongs to a low fire retardant class.

All precisely certified.

ASPETTO? LA CREATIVITÀ PER ESSERE UNICI

GENERAL LOOK?
CREATIVITY TO BE UNIQUE

"Mamma posso farti una domanda? Non ti sembro bellissima con questa acconciatura?"

Già, perché il desiderio di bellezza è dentro ogni persona, da sempre.
Perché la bellezza è una virtù che scalda il cuore. Viene coltivata e riversata in tutto ciò che sta intorno,
anche ai miei piedi oltre le mie scarpe.
Perché non camminare scalzo su un bellissimo pavimento Skema Living?

"Mom, can I ask you a question? Don't I look beautiful with this hairstyle?"

Everyone has always been longing for beauty.
It is a heartwarming virtue and it is cultivated and poured on all around us, including at my feet beyond my shoes.
Why don't walking barefoot on a beautiful Skema Living flooring?

RAPIDITÀ DI POSA? LA PRECISIONE CHE RENDE TUTTO SEMPLICE

QUICK INSTALLATION?
THE PRECISION THAT MAKES
EVERYTHING SIMPLE

"Ecco papà, ora le metto tutte assieme alla partenza ben allineate. Ma ti avviso che la mia rossa vince di sicuro. E' la più veloce!"

Precisione, perfezione, traguardo. Questi sono i passi per un successo garantito.

I pavimenti living di Skema vivono di una perfetta tecnologia che permette loro assoluta precisione attraverso i sistemi avanzati di incastro. Qualità queste che portano ad avere una posa attenta e rapida.

Una posa a tempo di record, su qualsiasi sottofondo, senza interventi invasivi, colle, rumori ... e alla sera, papà, puoi già riposarti sul tuo divano.

"Look Daddy, now I put them all together well aligned at the start. Be aware that my red one will win for sure. It is the fastest!".

Precision, perfection, goal. These are the steps for a guaranteed success.

Skema Living floorings, thanks to a perfect engineering, are fitted with cutting-edge connection systems for an extremely precise and quick laying. Installation at record speed, on any kind of substrate, without invasive works, glue, noises ... and in the evening, daddy, you can relax on your sofa.

PULITO? UN GIOCO DA BAMBINI

CLEAN?
A CHILDREN'S PLAY

"Ho un'idea mamma: oggi ti faccio io da assistente. Tu mettiti comoda che alle pulizie ci penso io!"

Basta preoccuparsi delle pulizie. La tecnologia Living Skema ci aiuta a trasformare in un gioco quella faticosa e noiosa operazione di tenere pulito il nostro pavimento.

25 anni di garanzia all'usura, alle macchie, allo scolorimento. Antistatico per non attrarre la polvere, pratico per una semplice pulizia a straccio umido.

Ed ora distenditi per terra e goditi il tuo pavimento Living.

"Mum, I've got an idea: I'll be your assistant today. You relax and I do the cleaning!"

Thanks to Skema Living technology, cleaning the flooring becomes a game. Stop worrying about the housework.

A 25-year warranty against wear, stains, discolouring. Antistatic to not attract the dust, easy to be cleaned with a damp mop. Lay down and enjoy your Living flooring.

RICICLABILE? IL FUTURO E' NELLE NOSTRE MANI

RECYCLABLE?
THE FUTURE IS IN OUR HANDS

"Mamma, perché invece di buttare via questi rotoli di cartoncino non costruiamo una città?"

I bimbi hanno un grande potenziale, la fantasia, che da adulti si chiama sogno.

E chi non ha mai visto trasformare un sogno in realtà?

Oggi posso avere un mondo più pulito seguendo la via dei prodotti riciclabili come i pavimenti in laminato Skema.

Nati da processi rispettosi dell'ambiente e materiali eco sostenibili.

"Mom, why instead of throwing away these cardboard rolls don't we build a city?"

Children's big potential, imagination, is dream when they are adults.

Who has never seen a dream become true?

Today we can have a cleaner world thanks to recyclable products, as Skema laminate floorings are, manufactured from environmentally friendly processes and sustainable materials.
